**Volunteers Still Needed for the LTES/DHES Holiday Shop this Saturday, December 8<sup>th</sup>**

Holiday Shop is a long-standing tradition in the Dieringer School District, but they can't do it without A LOT of volunteers - adults and middle and high school students. If you've never attended - the Holiday Shop is a fun event where elementary school students make holiday themed crafts for themselves and as gifts for family members. Adult "Head Elves" are needed to chair a craft project (the committee will give you a project, you don't have to come up with one on your own). Many other volunteers, both adults and middle school and high school students are needed to help staff the craft booths.
